My Art Cards

Individual Order Process

1. Draw or create your original art for the front of a card on one side of a standard (8 1/2 x 11) piece of paper. Keep in mind the direction the face of your card will be. Horizontally (landscape) positioned notecards will open upward; Vertically positioned (Portrait) will open like a book.

Crayons, color markers, inks, finger paint, poster paint and glued photographs or collages work best. Use BOLD, BRIGHT colors for the best effects as some pastel colors (light pink or yellow and pale blue) don't scan very well.

Fill the entire side of the sheet if you wish. Everything on the 8 1/2 x 11 art side of the sheet will be reproduced on the FRONT of the card.

2. On a separate sheet of paper, neatly and legibly print the name of the artist as you wish it to appear underneath the "Original Art by" line on the back of the card.

3. Below the artist's name, neatly write the name and address where you would like the cards shipped. PLEASE INCLUDE A VALID EMAIL ADDRESS TO RECEIVE ORDER CONFIRMATION INFORMATION.

4. Write a check made out to "My Art Cards" for the total amount of the order.
